---

August meeting of Historical Society, Monday, August 27, 1984, 7:30 P.M. at the Civic Room of Washington EMC

---

THE BICENTENIAL COMMITTEE has requested that the Historical Society meet each month for the balance of 1984. For the August Meeting Mary Alice Jordan will speak on The Civil War in Washington County. Augusta Lawson will speak on the History of Tennille. This promises to be a very good program and I know everyone will want to hear these two good speakers.

THANKS!

To Betty Lee and Jewell Turner for an excellent program in July. Betty spoke on the life of Dr. William Rawlings and Jewell spoke on the life of his great, great uncle, Mr. George D. Warthen. These were quite prominent people in the history of our county and Betty and Jewell did a thorough job of researching and presenting many unpublished details about their lives.

THANKS!

Also, to Bobby Strange for a most interesting exhibit at the museum of Indian artifacts collected in Washington County. An additional item of geological artifacts also on display. These remind us again that Washington County being located on the Fall Line has some very interesting geological formations that have long gone unnoticed.

J.D.EVERETT has added to his long list of donations to the Historical Society The Minutes of the Washington County Agricultural Society during the 1870's. J. D. has also gotten up a list of some early city officials for the society's archives.

REMBEMBER THE MEETING! MONDAY NIGHT, AUGUST 27, 1984, 7:30 P.M., AT THE WASHINGTON EMC BUILDING.

Osgood Bateman, President
